

Eddie Murphy with Snoop Lion (aka Snoop Dogg) – Red Light (2013)

Red light, stop right there where you are
Red light, stop right there where you are

Out of the frying pan into the fire, burning down the people's souls
My high anxiety is getting higher, feels like I'm gonna blow
Gone is the breeze that used to be so sweet, poison is the wind that blows
It can't be long till the military come, with a knock, knock, knock on your door (*alright*)

Red light, stop right there where you are
Red light, stop right there where you are

(Gone) Emancipation
(Gone) Race relation
(Gone) Most of the rebels are gone
(Gone) The trust in nation
(Gone) The time we're wastin'
(Gone) The people's patience is gone (oh Lord)

Broken economy, the streets are dire, even more than before
I need some betterness to take me higher, feels like I'm gonna blow
Gone are the days when people used to say "Everything is alright"
No place to run, now here your karma come, with a knock, knock, knock on your door

Red light, stop right there where you are (x 4)

Pick up the pieces, let it begin, 'cause this is the way that we flow
Higher and higher and higher we go
Through dedication, self-preservation, Haile (High), Selassie (High) *

(Gone) Marcus Garvey *
(Gone) Montgomery Martin *
(Gone) All the rebels are gone
(Gone) We've lost our way
(Gone) Darkness is the day
(Gone) Most of the rebels are gone
Red light, red light, red light

We can ride, we can roll, we can breathe, we can talk, we can walk, we can stop at the -- red light
We can smoke, we can do what we want, and be real with the blunt, we just stop at the -- red light
We'll stay true, and be you and be up way above with no pushin' or shovin', -- red light
We can ride, we can roll, we can breathe, we can talk, we can walk, we can stop at the -- red light
We can smoke, we can do what we want, we be real with the blunt, we just stop at the -- red light
We'll stay true, and be you and be way up above with no pushin' or shovin', -- red light
