

Geometrical Forms

1-dimension

Noun

line

Adjective

linear/straight

2-dimensions

Nouns

bend/curve

circle

semicircle

ovum/egg

ellipse

rhombus

(an irregular rhombus is sometimes called a "kite")

trapezium

triangle

square

rectangle

pentagon

hexagon

octagon

decagon

polygon

parallelogram

Adjectives

bent/curved

circular/round/rounded

semicircular

oval

elliptical

rhomboid

trapezoid

triangular

square

rectangular

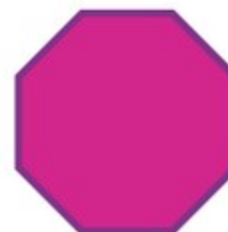

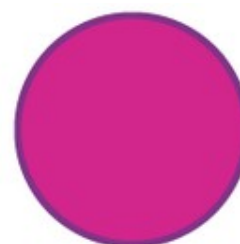

pentagonal

hexagonal

octagonal

decagonal

polygonal

3-dimensions

Nouns

sphere

cube

cone

cylinder

pyramid

Adjectives

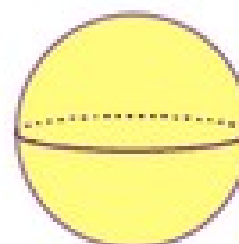

spheric/spherical

cubic/cuboid

conical

cylindrical

pyramidal
